Mr. and Mrs. Earl Slate and Mr. and Mrs. Thomas Lacombe have returned from a very enjoyable trip through the White Mountains.

Elmer Johnson, who has been visiting his aunt, Mrs. Elba Peterson of Greenwood road, has returned to his home in Norfolk.

Miss Doris Newton, Miss Evelyn Parker, Miss Nancy Hird and Miss Madeline Creamer left Monday on a 10,000 mile auto trip to California and through parts of Canada.

Mr. and Mrs. William Trow and Charlotte of Lowell street enjoyed the week-end at Goose Rock, Biddeford, Me.

### News Of Old Andover

**50 YEARS AGO...**It rained early on the morning of the Fourth and traveling was difficult because of the mud; however, the sun did come out later in the day and at night a huge bonfire in Elm Square closed the festivities...At a picnic of the Lowell police at Haggetts Pond, a Lowell man was arrested and charged with keeping liquor with intent to sell. He was disposing of an article from bottles labelled Birch Beer, Chief of Police Cheever had reason to believe that something stronger was being sold and he made a seizure of the birch. It was found to be lager beer.

**25 YEARS AGO...**Mrs. Frank A. Buttrick and family of Wolcott Avenue and Miss Alice S. Coutts were vacationing at the Andover-Lawrence Cottage, York Beach, Maine...Friends of Rose Markey

## The Greatest Money-Saving Event of the Season

**Thursday  
Friday  
Saturday 9 to 9**

**Savings of**

**20% to 50%**

The letter which appears in this advertisement is self-explanatory... it tells you exactly why we did not have a twenty per cent cash and carry sale this season.

BUT if you want to save more than twenty per cent on many articles... this GOODWILL SALE is just what you have been waiting for.

**YOU MAY CHARGE  
YOU MAY BUDGET  
HAVE YOUR PURCHASE SENT  
C. O. D. AND STILL SAVE FROM  
20% to 50%.**

TO OUR FRIENDS AND CUSTOMERS  
IN LOWELL AND THE MERRIMACK VALLEY

Because of the increased cost of merchandise from manufacturers, uncertain market conditions, shortages of goods, and slow deliveries, we deem it wise to eliminate our Cash and Carry Sale this year.

But in appreciation of your valued patronage, which made it possible for us to have such a splendid year, we feel we OWE it to you to run a GOODWILL SALE which will excel by far our former 20% Sales.

You may wonder how we can allow you 20%, 33 1/3%, and in some cases 50% now in THIS Goodwill Sale when we are discontinuing this regular 20% Cash and Carry Sale. May we explain?

If we were to allow an unlimited selection of the merchandise which we now own and have in this store, such as shoes, hats, steel products, aluminum ware, in it's work and other allied lines to the defense program either directly or indirectly, we would deplete our stocks of regular merchandise. Prices have already increased and will continue to rise, so it would cost us much more to replace the merchandise and the next time you wanted that particular article, we would have to pay more.

We are really PROTECTING YOU, our friends, by maintaining our regular stocks at their present prices THROUGHOUT THE COMING MONTHS. If we were to stage a sale for a few days, depleting our stocks of certain lines, then you would have to pay much more for the same items a month from now.

Discounts of 20%, 33 1/3%, and in some cases 50% on our SPECIAL SALE MERCHANDISE are possible because we already own surpluses of many items, or because our suppliers have made special price concessions to us.

Another advantage of this GOODWILL SALE is that you won't have to pay cash in order to reap the benefit of the discount. Yes, you may charge to your heart's content, and budgets and coupons are acceptable too.

We honestly believe that this, our first GOODWILL SALE, will be more beneficial to YOU in the long run.

Very truly yours,

A. G. POLLARD, CO.

## Majority Of Phone Users Favor Retention Of Present System

An about-face in the telephone toll charge sentiment was shown in the recent poll conducted by the State Department of Public Utilities, according to figures released by the department on Tuesday. In both residential and business classifications the majority vote was against the increased base rate and abolition of the five-cent toll to Lawrence, whereas in a recent privately conducted poll the trend was markedly the other way.

Most surprising was the vote in Lawrence business houses. A personal canvass was held here by representatives of the commission, and 998 business firms desired that the present arrangement be maintained, while only 674 wished the toll charge to and from Andover to be eliminated. The abolishing of the rate would mean a monthly charge of 50 cents extra to Lawrence business firms. There were

128 Lawrence business subscribers who declined to vote.

In the Andover poll 2096 ballots were sent out, with 1561 being received back. No further ballots are to be accepted, the commission having extended the seven-day return period considerably. Four returned their ballots marked "Not interested." Of the remainder 830 were in favor of the present plan and 727 in favor of the merging with Lawrence, a difference of 103.

Andover's residential phones, most of which would have had a 50 cents base rate increase if the toll were abolished, divided as follows: for the present plan, 705; for the toll elimination, 664. Business houses which would have incurred a \$2.50 increase monthly voted 125 for the present plan and 63 for the toll elimination proposal.

The matter is now in the hands of the commission for a final decision.

## Andover May Be In Bates' District

Andover might again be in a Republican Congressional district if the redistricting plan of the Republican majority in the state legislative committee is accepted. But this time the town would not be in the Edith Nourse Rogers Lowell district, but rather in the Salem district now represented by Congressman George J. Bates.

The Democratic minority of the committee has submitted an alternative plan under which Congressman Bates and our present Congressman, Lawrence Connery, would oppose each other. The Democrats have worked themselves up into a state of indignation at the Republican plan because it probably excludes Congressman Healey from the National House, the Republicans having deemed it in the public interest to eliminate a Democratic district just as the Democrats deem it in the public interest to eliminate a Republican district. Under the Democratic plan Andover would be again reshuffled.

In the Republican plan Andover would be in the sixth district.

## Joyce Castle May Be Razed

The old Joyce estate, familiarly known as the Castle, on North Main street, is to be torn down, according to apparently reliable information received this week.

The show-place has had its ups and downs for many years, it having been idle for some time after the Rickard family left it. Then Mr. Hoffacker took it over, losing it last year. Since then the beautiful lawn has lost its beauty, although the castle remains as picturesque as ever.

Rumors had it that the present owner plans a development on the site.

## Britain Ministry Acknowledges Gift

"The Andoverian" will soon be shooting down Nazis somewhere. The local selectmen this week received a letter from the Ministry of Aircraft Production acknowledging this town's part of the Andover, England, Spitfire fighter fund, which is to be used for the purchase of a fighter to be known as "The Andoverian."

The letter follows:

June 19, 1941

Dear Mr. Mayor:

It gives me great pleasure to inform you that I have received a very handsome contribution from the Mayor of Andover, Hants, towards the purchase of a fighter aircraft. I understand that the citizens of your town have been associated with this gift and I ask you to convey to those of your citizens who have contributed my warmest appreciation of their generosity. This evidence of the sympathy of our friends across the At-

lantic is a great encouragement to us all.

In accordance with the request of the Mayor of Andover, Hants, I am arranging for the aircraft to be named "The Andoverian."

Yours sincerely,

TOWNSMAN, July 17, 1941

## Police, Firemen Praised For Accident Work

Look Photo Service

The above picture shows the aftermath of a Fourth of July accident on South Main street, with officer David Gillespie examining the wreckage. The Board of Selectmen this week received a letter about the efficient work of the police and fire departments in handling the accident; "they really seemed to have dropped out of the sky, simultaneously with the accident."

The letter follows:

35 Lodge Road  
 Belmont, Mass.  
 July 9, 1941

Gentlemen:

On July 4, 1941, my aunt, Mrs. Mary Burns, and I were victims of an accident which took place in Andover, Mass., on South Main street, about 11 o'clock a. m.

I want to take this opportunity to compliment the efficiency and courtesy and kindness of the very able police department and ambulance men who so wonderfully assisted us in our emergency and dilemma.

The smash, which was a head-on collision, was a terrific one, and almost as soon as we discovered that strangely enough we were both alive after such a crash, I got out of the car, and someone asked if we had called the police. I answered by asking how we could

have done so, the accident had just happened, and there and then, when I looked up, the police and ambulance were already stopping at the scene. They really seemed to have dropped out of the sky, simultaneously with the accident.

The efficiency of the police who handled the clearing of the wreckage and took care of all necessary information and witnesses, and the kindness and care of the ambulance men in lifting my aunt into the ambulance, stand out very clearly in my mind. Chief George Dane, to whom I reported in the late afternoon, when I was able to leave the hospital, was kindness itself, and helped to steady my nerves which by then stood in need of it.

I really feel that I would like the people of Andover to realize and appreciate the fine police system and the efficient operation of that system by the men and the chief, as witnessed by me. This is the only way I know of voicing my thanks.

Enclosed is a copy which I wish you would please send to the Andover papers to print, in recognition of my thanks to the police and ambulance men of your very fine town.

Gratefully,  
 Grace C. Nulty

## New Cars Stolen For Tires, Wheels

If you have a brand new car you had better plan to chain it to your house or office for a little while until the police can round up the gang of auto thieves who seem to be doing pretty well for themselves in Essex county. In Salem, Lawrence, Andover, Lynn, and other nearby communities, quite a few cars have been stolen in the last two weeks and the police and insurance companies in this area are really concerned over what appears to be a smooth working outfit which steals cars as its business. In Shawshen last Thursday, three 1941 model automobiles were stolen in broad daylight, and in a very busy section, too. All

three were recovered a couple of days later but they had been stripped of all four wheels. Two sets of the wheels were recovered in the woods in Dracut where the car thieves evidently cached them until they could get rid of them. Chief Dane of Andover is working on an idea which may be the means of catching the thieves in a very short time. In the meantime, car owners of this vicinity are warned to make sure that they park their cars if possible where they can check on them frequently; especially if it is a brand new one. The thieves are evidently equipped with a master set of keys which will fit practically any car on the road, so it is a very simple matter for them to steal. They are after the new tires on cars, so maybe old tires have some use after all.

### Appointed Organist At St. Augustine's

The position of organist at St. Augustine's church, made vacant by the untimely death of Mrs. Marion Kennedy Naughton, has been filled by the appointment of Miss Mary P. Lanigan of Lawrence. Miss Lanigan filled in during Mrs. Naughton's sudden illness and following her death.

The new organist was born in Lawrence, graduating from St. Patrick's high school. After three years at the New England Conservatory she went to Lowell State Teachers' College for two years, studying music supervision. There she received her B. S. E. degree.

She has played at many of the churches in this district and has also substituted in the Lawrence public schools and taught in the Lawrence Evening High school.

### START EVENING BIBLE STUDY SERVICE

Rev. and Mrs. Carl Wilson of the Ballardvale Methodist church are launching an evening Bible study service in the Vale. Meetings will be held on Thursday evenings at 6:30 in the church auditorium, at which time all interested in worshipping together in song, prayer and Bible-study are welcome, whether members of the Methodist church or not.

### COUPLES' CLUB TO ENJOY OUTING

The Baptist church Couples' club will meet at the church at two on Sunday afternoon. From there they will go to Long Pond, Littleton, N. H., for an outing.

He leaves his wife, Jean; his father, Harry, of Boston; five sisters, Susan of Long Island; Helen, Sylvia, Carolyn and Pearl of Palisades Park, N. J.; and two brothers, Leonard of Palisades Park and Henry of Lawrence.

### DEATH NOTICE

Alfred O. Kirsch, 58, of Arlington road, North Salem, N. H., died last Saturday at 100 Main street, Andover. Burial was in the Bellevue Cemetery, Lawrence.

### THOUGHTFULNESS ON A BIRTHDAY

Last Saturday Miss Elizabeth O'Hara of Chickering Court received one of the most enjoyable surprises of her life. It was her birthday and, to her, it was due to pass hardly noticed except by her immediate family. She has been confined to her home for a number of years and has been out of touch with many of her old friends and neighbors. However, her friends

and neighbors did not forget about her and they all sent her birthday greeting cards and visited her during the day. She received many cards from people she has not seen for a long time and she saw people who brought back pleasant memories of days gone by. From one minute to the next all day long she did not know what to expect next in a surprise visit from a friend or an unexpected gift. Her memory of that day will certainly live in her mind for a long time to come.

### LADIES, MEN TO COMPETE AT MEETING

Andover Grange, 183, will hold their monthly meeting for July on Tuesday evening, July 22, at 8:00 in Grange Hall. The program of the evening will be of a competitive nature between the ladies and the men. There will also be a speaker, and refreshments will be served.

## WHERE TO GO WHAT TO DO

### JULY 18— Miss Shawsheen Annual Dance

Don't miss the annual Miss Shawsheen dance at Balmoral Gardens tomorrow night. A cup will be awarded the young lady who is adjudged the most beautiful after a series of elimination dances.

The dance is being conducted by the Spa employees, with the following on the committee: James Jennings, treasurer; Raymond Gerow, tickets; Monica Coleman, publicity; Richard Simmers and Kenneth Batcheller.

Roland Russell's Ramblers will provide the dance music.

### FRIDAY, JULY 18, Baby Shows

Tomorrow night Andover's babies will be the center of attraction at the Central and Shawsheen playgrounds, while at Ballardvale the youngsters will engage in O'Leary contests and hoop-rolling. Master and Miss Andover and Master and Miss Shawsheen will be chosen, for various age groups, and then the king or queen of all will be crowned. Popularity will be the basis of choice.

The O'Leary contest for girls in the Vale is a ball-bouncing game; the boys will indulge in the hoop-rolling.

#### Picnic Next Thursday

The sixth annual playground picnic will be held next Thursday at Canobie Lake Park, busses leaving at mid-morning. The children will all bring their own lunches. The program will include roller-skating contests, quiet games, ball games, and races. The return trip will start at 3:30. Tickets are 25 cents

for all. Children of pre-school age must be accompanied by an adult.

### MONDAY, JULY 21— Aluminum Parade

There's going to be a parade Monday night, a real National Defense parade. It will climax a drive the children of the playground have been making for aluminum this week, and if everybody in Andover does his part, the United States will receive a lot of aluminum and each child collecting ten or more utensils will receive a free ticket to the playground picnic at Canobie Lake.

The children from all three playgrounds are scheduled to assemble on the playstead at seven Monday evening with the Legion drum corps. The parade route will be from the playstead to Bartlet street, up Bartlet to Morton, to Main, to Barnard, up Barnard to the aluminum bin at the rear of the town house, up Park to Bartlet and return to the playstead where the pledge of allegiance will be followed by taps.

The Central playground children will lead, the Ballardvale

### Which Majority Is The Majority?

In a democracy the majority should rule; the only real difficulty comes in finding out the will of the majority. A glaring example of just how difficult this difficulty may become is shown in the two recent polls of telephone subscribers, one of which showed a majority in favor of eliminating the toll charge between Andover and Lawrence at a higher base rate, and the other showing a majority in favor of the lower base rate with toll charges between Lawrence and Andover.

Why should there be this discrepancy? It is hard to say, but certainly there must be some explanation, and in fairness to all concerned, that question should be answered before the public utilities commission hands down a definite decision. The first poll was conducted by a local committee interested in eliminating the toll charge, but they leaned over backward in their endeavors not to let that interest have any influence on the poll. They did not see people and urge them to vote their way. Their letter to subscribers was framed carefully to avoid any complaint of bias or misrepresentation. The ballot was a fair one. Everything, all the possible implications of the change, was pointed out in the letter. There could be no justifiable criticism of the way in which this poll was drawn up.

And the poll conducted by the Department of Public Utilities was equally fair. It explained the whole matter. Furthermore it was submitted to the local committee first so that everything would be fair, and of two changes suggested by the local committee, one was adopted. There can be only one complaint that might stand up under examination in connection with the public utilities poll, and that arises from the Lawrence end where the department went around to the business houses to ascertain the sentiment. Possibly what they asked the merchants was phrased so that there could be no unfairness, but in a personal poll such as this, there is an opportunity for unfairness to creep in. It would have been better if there had been a mail poll here, too.

Both polls should be analyzed carefully to see wherein the discrepancy lies. The mailing lists should be compared; possibly in

both cases some people received ballots who shouldn't have. The counts should be checked, to see if there was any turn-over; a person has a right to change his mind of course, but if a turn-over can be shown, by a process of elimination it could fairly be stated that there was no mishandling of either poll. Then the weighting process, if any, should be examined.

And after it's all over and the commission has decided which of the polls more nearly represented the true wishes of the people of Andover, there remains but one course for the minority, whichever side it may be on, and that is the acceptance of the will of the majority graciously and in a sportsmanlike fashion.

### Eliminating A Danger

Some day when the town has a little extra money that it might spend on something unnecessary, it really should look to its sidewalks, for some of them are in a condition that makes them very necessary, almost urgent projects. And some of them just aren't there at all.

We spend money out in the outlying districts to eliminate curves on the roads, and we justify this expenditure by claiming that the danger to pedestrians and motorists makes it necessary. But in allotting moneys on a basis of danger, it's best to spend it first where the risk is greatest, and the risk is greatest where there's the greatest flow of traffic. There are many places near the center of the town where there should be a sidewalk. One example might be on Essex street just below the tracks; here the foot traffic is heavy, and there's enough motor and train traffic converging there to make it bad enough even with decent sidewalks. There are many others, not as bad of course as this one, but all meriting some attention from the authorities.

### Any Old Pans?

It's time to get out your pots and pans, for if an eager young person who looks as if he or she has had many a pleasant day on Andover's playgrounds appears at your back door, chances are that it's your pots and pans the youngster's after.

Aluminum is needed, needed badly for our defense program, and private industry is as yet unable to meet the demand. Time will come when private industry can, but time is the most important factor in the world today, and if we wait for private industry to supply enough aluminum to build all the planes, etc., that we need, Herr Hitler might take advantage of that time. So dig out those pans that you're not using at all, or using just once in a while. Don't give so many that you'll be preparing a meal some day to discover that you haven't anything to cook your broccoli in, but in every household in Andover there must be at least one or two aluminum pans that are used but seldom.

The United States needs them more than you do, so greet these playground youngsters with a smile and a pan.

### Make Them Happy—and Safe (See Front Cover)

If your youngster gets hurt while playing on the street in front of the house, or if your neighbors start grumbling because of all the noise your "brats" make, it's really your fault these days.

### Williams' Service Station

12 No. Main Street, Andover

Take a look at those youngsters on the front cover of this week's Townsman. Don't they look as if they're having a grand time? We could take a hundred other pictures at the three playgrounds and every single one of them would show just as much keen interest on the children's faces as this picture shows. In some parts of the program they get healthful exercise; in other parts they learn handicraft, listen to stories, etc. In every part they're away from danger, because there are no motor vehicles to threaten their lives.

Andover offers its children much in the way of summer recreation. Three playgrounds and two swimming beaches draw a good many of the town's children every day during the summer season, but there still are too many hanging around the streets, too many being allowed by you parents to take their lives in their hands. So send them to the playgrounds or the beaches, making sure first of the hours that instructors or guards are there, for it's dangerous without them.

Paul Kerwin of Stevens street is spending two weeks at Franklin, N. H.

Miss Dorothy Barnet, 28 Burnham road, has returned from a vacation in New York.

## News Of Old Andover

**FIFTY YEARS AGO** Miss Nellie Farmer was enjoying a vacation at Manchester-by-the-Sea. Miss Clara Putnam, then of West Parish, was vacationing at Contoocook, N. H. ... W. H. Higgins drove a tally-ho party to Georgetown where they stopped at the famous Bald Plate Mansion to enjoy themselves... a band concert was held in Elm Square.

**TWENTY-FIVE YEARS AGO** Alfred McKee (North Andover's police chief) was enjoying his annual two weeks' vacation from J. H. Campion's grocery store... James Caldwell, Alexander Ness, James Gorrie, Frank and James Nicoll enjoyed a week's vacation camping in Billerica... Announcing the Fourth Annual Regatta with the Lawrence Canoe Club, the Andover Canoe Club assured everyone that there were "NO SHARKS" on the Shawsheen River... at the South Church picnic at Canobie Lake a ball game was played between two picked teams with captains Nathan C. Hamblin and Hugh C. Bullock. "Nate's" team won, 3 to 2.

**TEN YEARS AGO** Mrs. A. Graham Baldwin attended the International Conference of the Y. W. C. A. in Williamstown... Dr. and Mrs. John J. Hartigan and daughter Joan of Locke street enjoyed a three weeks' trip to Nova Scotia... a fire at a farm in West Andover brought to light the fact that a still had been operated on the land and the Andover police called in the Federal Prohibition Agents to investigate. However, they weren't as lucky as Police Chief Cheever was thirty-five years before (last week's News of Old Andover). Not a drop of illegal liquor was salvaged.

## Legion Juniors Lose Three Games

The fortunes of the local Legion Junior baseball team were all misfortunes again this week. Three times the boys went down to defeat, losing to Beverly 4 to 0, North Andover 2 to 1, and Lawrence 13 to 0. Tonight the boys play at Peabody. Only 11 hits were made in the three games, against 23 for the opponents. Andover made ten errors, the opponents 6.

To date the local team has lost 12 and won one. In the Beverly game the team was handicapped by lack of regulars. In other games there has been poor support from the townspeople, and one game was dropped via the forfeit route when not enough cars appeared to take the boys to the other community.

## Children Enjoy Soap Bubble Contest

It was nice clean fun at the playgrounds last Friday night as soap bubbles flittered around in the air. Best bubbler at the Central playground was adjudged to be Zita Surette, best at Shawsheen Maxine Petzold, and best in the Vale Arthur Marion.

The second place winners at the three playgrounds respectively were: Frank Wright, Raymond Simmers and John Ness, and the third place winners were: Irene Yancey, Claire Berube and Dianne Nowell.

## British War Relief Committee To Hold Beach Excursion

The British War Relief Committee of Andover and Lawrence in conjunction with the local and greater Lawrence organizations and clubs will hold an excursion to Old Orchard Beach Sunday, July 27th. The train will leave Andover depot at 8 a. m., making stops at Lawrence and North Andover and returning from Old Orchard at 8 p. m.

The Business Men's Association of Old Orchard are co-operating in every way with the committee to make it the most enjoyable and successful excursion ever held at that resort. In addition to giving two beautiful cups for the soccer game, many valuable prizes have been donated for the various races and sports. The soccer game will be between two branches of the British navy, and souvenirs will be given to every one to wear, and this will entitle them to all amusements at half price. There are only ten more tickets to purchase and they may be had from the following local committees: Clan Johnston, Ladies' Auxiliary, Arb-roath Association, British Veterans Ladies' Auxiliary, and the Relief Committee of the British Veterans. It is requested that three members from each organization assisting this committee be present at the next meeting, Monday, in the Relief Headquarters, Musgrove Building.

## WEDDINGS

in marriage recently at a ceremony in Glens Falls, N. Y.

Miss Towne is the daughter of Mrs. Edward M. Towne of Rocky Hill road, and the bridegroom is the son of Mr. and Mrs. Paul Poutre of Glens Falls. The ceremony took place in the First Presbyterian church, with Rev. William E. Montgomery officiating.

Mr. and Mrs. Hubert R. Floyd of Hudson Falls, N. Y., attended the couple. The bride wore navy blue chiffon with harmonizing accessories and a corsage of gardenias, and Mrs. Floyd wore pale blue faille, contrasting accessories and a corsage of yellow roses.

The bride's father was born in Andover, but lived in Buenos Aires for about 25 years. The bride attended school there, graduating from the American high school in Buenos Aires, and later from Glens Falls Academy.

### Hajdys-Gordon

The Free church was the scene of a pretty wedding ceremony Saturday afternoon when Miss Mary Gordon, daughter of Mr. and Mrs. David Gordon of 13 Washington avenue, became the bride of Stephen Hajdys, 1732 Salem street, North Andover. Rev. Herman C. Johnson, who has been vacationing at Hamilton, returned to Andover to perform the ceremony.

The bride was gown in white slipper satin, with a finger-tip veil and flower accessories, and she carried a bride's bouquet of white roses. Her maid of honor, Miss Ruth Gordon, wore pink voile and flower hat to match. She carried pink roses.

Following a reception at the home of the bride's parents, the couple left on a wedding trip. They will reside at 1732 Salem street, North Andover.

# National Defense comes First with Ford

and we're glad  
it does ☆

**I**N a great new \$35,000,000 factory at the Ford Rouge Plant, military airplane engines for America's fighting forces will soon be in full production. In another huge Ford Plant, now under construction at Willow Run, near Ypsilanti, Mich., big bombers and bomber assemblies will be produced at the rate of 175 a month. Army reconnaissance cars, army staff cars, big army trucks, and bomb-service trucks for the air corps have already rolled

into service from special Ford assembly lines.

The Ford national defense production program is in high gear, setting records for getting things done fast. As Ford dealers we're mighty proud of these records. And we're glad to report to you that Ford has been working an extra day a week to keep national defense activity at full speed ahead, while producing the finest Ford car ever built. And for you, our customers, we dealers are making every effort to see that you get deliveries as fast as possible.

National defense comes first with Ford . . . and with us. At the same time . . . we can still give you a big deal on a big car right now.

And . . . Now Is The Time to Buy!
